

# DEFOAMER

## DEFOAMING AGENT

### DATA SHEET

#### GENERAL INFORMATION

**Defoamer** is a liquid product used to effectively remove entrapped air and reduce surface tension from all types of water based muds. Utilized to reduce and control the foaming in a solids free work over and completions fluids system. Effective at high temperatures and a wide range of PH values.

#### APPLICATION

Application is as needed.

#### SAFETY

Handle **Defoamer** wearing protective equipment and utilize precautions as mentioned in the SDS.

#### PACKAGING

- Defoamer is packaged in 3.5 gallon pails; it is a tan colored liquid.
- Non Hazardous
